REALIZED INVESTMENTS

Value Creation:

		Residential Services	Provider of recurring residential lawn, tree, and shrub care services	Doubled customer base and branch network. Drove new customer growth, enhanced cross-selling, scaled procurement programs, and created shared-services capabilities. Recruited senior team and invested in a modern technology stack
		Environmental Services	Provider of essential environmental services including non-hazardous wastewater treatment, waste management, and industrial services	Established a super-regional presence by expanding processing facility capacity and completing strategic add-on acquisitions. Invested in senior team and new treatment technologies. Increased profitability through divesting non-core business
		Specialty Distribution	Global specialty distributor of surface enhancement products	Broadened footprint including international expansion, service capabilities and materials offerings. Invested in product and service managers and private label offering
		Automotive Services	Sixth largest multi-shop auto body repair operator in the U.S.	Developed senior team and invested in IT systems, corporate procurement programs and insurance carrier relationships. Completed add-on acquisitions to broaden geographic footprint
		Specialty Snack / Franchisor	Owner and franchisor of specialty snack stores	Invested in senior team and doubled size of development team. Diversified to new real estate formats, added new menu items, and identified greenfield opportunities
		Specialty Distribution	Supplier of specialty colorants and functional ingredients to multiple consumer and industrial end markets	Added technical sales resources to drive growth in key end markets. Increased capacity to support the future growth of high margin liquid colorant product line. Implemented common ERP
		Specialty Manufacturing	Manufacturer of vinyl windows and doors serving the Western U.S.	Enhanced margins through operational improvement initiatives focused on labor utilization, procurement, and delivery and distribution. Executed a plant relocation to expand capacity and of geographic growth opportunities
		Residential Services	Provider of essential residential HVAC and plumbing maintenance and repair services	Identified an opportunity to partner with an owner/founder to build a market leader in the highly fragmented residential services space. Completed add-on acquisitions to expand the geographic footprint and expand service offerings
		Automotive Services	Fourth largest quick lube operator in the U.S. operating under the Grease Monkey and SpeedDee brands	Completed add-on acquisitions to broaden geographic footprint and service offerings. Significant investment in senior management team to support growth through additions in development, operations, finance, and accounting
		Auto Glass / Claims Management	Leading automotive glass replacement and repair and claims management provider	Created the second largest national platform through the combination of two family-owned regional firms, as well as add-on acquisitions. Consolidated systems to a single ERP, POS, technician dispatch and inventory management
